TECHNICAL SKILLS

- Java
- JavaScript
- C#
- Spring boot
- Express Js
- Angular
- React
- Tailwind CSS
- MySQL
- MongoDB

SOFT SKILLS

- Communication
- Team work
- Time management
- Analytical skills

CERTIFICATES

- Zebra Foundation(APAC)
- Coursera certified Meta React js basic course
- React.js Essential Training by Eve Porcello
- Node.js Essential Training by Eve Porcello

PROJECTS

“Niwahana” hardware shop

- An e-commerce web application for hardware shop.
- Designed, developed, and optimized RESTful APIs within a Spring Boot architecture, facilitating seamless and secure interaction between frontend and backend systems.
- Enhanced database performance and efficiency by leveraging Hibernate ORM and MySQL.
- **Technologies** : Spring Boot, Angular, Hibernate, MySQL, Postman for testing.

Hospital Management System.(Prescription Management)

- Group project of ICET institute A web application for a hospital. Enhanced database performance and efficiency by leveraging Hibernate ORM and MySQL.
- Technologies : Angular , Spring boot , MySQL.

Sarusara Agro

- This is a group project and the main idea is to enable farmers to sell their harvest online without any hassle and for wholesalers to purchase the harvest online. This is a project that is currently underway.
- **Technologies** : MERN stack

Portfolio web site.(<https://lhtlakshan.github.io/portfolio-web/>)

- Developed a personal portfolio website to showcase my journey, skills, and projects as a Software Engineer, highlighting my passion for building impactful and innovative solutions.
- Technologies: React.js, Tailwind CSS, and utilizing GitHub for deploying web applications.

Weather Application

- Created a responsive web application using HTML, CSS, and JavaScript, leveraging real-time data from free public APIs for dynamic features.
- Technologies : HTML , CSS , JavaScript , Real time web APIs.

MOS Burgers

- A frontend Point of Sale system.
- **Technologies** : HTML , CSS , JavaScript
